COMMUNISM

Min Pao and other local newspapers:

SECESSION OF A COMMUNIST LEADER.

Sung Chi Ming (宋子明), a former important element of the Chinese Communist Party, severed his connection with the Communist Party several days ago.

He studied in the China University (中国大学), Moscow and joined the Communist Party in 1927. In 1930 he returned to China and was appointed Secretary of the Kiangsu Provincial Committee of the Youth Group of the Communist Party, member of the Presidium of the Central Executive Committee and concurrently Chief of the Organization Department of the Committee. Realising now that Communism is unsuitable to China and seeing that Communists are creating trouble in the rear of the Chinese armies even at this time of national crisis, Sung determined to secede from the Communist Party.

At 10 a.m. yesterday, the Intelligence Office of the Municipality of Greater Shanghai invited local journalists to meet Sung Chi Ming.

Huang Yung Hwa (黄永华), Chief of the Special Service Section of the Public Safety Bureau, stated that Sung Chi Ming was an important member of the Chinese Communist Party. He participated in the Communist activities in France, England, Germany, Italy and other foreign countries but he has now suddenly severed his connection with the Communist Party because he fully realises the mistake of the Party.

Sung Chi Ming then delivered thefollowing speech:-
"The reason of my severing all connection with the Communist Party is that I now feel that the movement for the emancipation of the Chinese race has reached a critical stage. At the present moment when the Japanese Imperialists are attacking China, our country must concentrate her whole strength to deal with Japan. The history of the people's movement in the Balkan Peninsula shows that in order to achieve emancipation, a people must concentrate their entire force. The emancipation movement of the Chinese people is different from those of other countries because she is being attacked by the Imperialists on the one hand, and by Communists on the other. This is sapping her strength. The Chinese Government can not dispatch strong forces to resist the Japanese invasion because of trouble being created by the "Red" bandits in the interior. Thus the force of the Government is divided. The Communist Party must be annihilated. After the September 18 Incident, the "Red" bandits ordered a general mobilization of their forces in Kiangsi, Honan, and other provinces with the object of interfering with the movements of the Chinese armies. The Communists are not only incapable of emancipating the people, but they are increasing their distress and disturbing the peace, which affect the country to such an extent that we can not deal with foreign insults. Of late the Communists

are conducting labour movements in order to disturb the rear of the Chinese armies. For instance, the radical elements are instigating railway workers and seamen to go on strike. Should such a strike materialize, the Chinese soldiers will be seriously handicapped. The Communist peasant movements in Shantung, Hopei and other places and the Attack Corps are obstructing the anti-Japanese plans. In other words, the Communists may be said to be supporting the Japanese in their invasion of China. Members of the Communist Party are quarrelling with one another all the time."

Min Pao and other local newspapers:

PRECAUTIONS AGAINST TROUBLE BY UNEMPLOYED.

Yesterday the Chinese and Settlement authorities received a report that local reactionary elements were about to utilize the unemployed to call at the Tangpu and other political organs during the day to submit an appeal but really with the object of creating trouble.

The Public Safety Bureau yesterday maintained precautionary measures and additional post duty policemen were sent out. Policemen and detectives patrolled the streets and special precautions were taken in the vicinity of the Social Affairs Bureau on Chung Hwa Road and the Shanghai Tangpu on Ling Ying Road.

The Settlement Police also adopted precautionary measures, particularly in the Eastern District.

At 8 a.m. yesterday, seven suspected persons were arrested by the Chinese Police in Chapei and radical handbills were found in their possession. They were immediately taken to the Public Safety Bureau for enquiries. No other untoward incidents happened throughout the day.

LABOUR

Chen Pao and other local newspapers:

THE STRIKE OF RICE TRANSPORTERS.

Over 120 persons attended a meeting of the Measurers Labour Union, Changan Road, Chapei, at 5 p.m. February 24 when a decision was reached that an appeal for assistance be submitted to the local Tangpu and other political organs.

At a joint meeting of the Nantao Rice Transporters Association held at 10 a.m. February 24, over 200 persons were present and passed the following resolutions:-

1) That the big bushel measure be abolished and a standard bushel measure be enforced.
2) That, with a view to maintaining the livelihood of boatmen,

CONFUSION OVER COMMUNISM

Story of Repentence Told by Red

ASSISTANCE GIVEN TO JAPANESE

A Moscow-trained Chinese Communist, who became "repentant" and surrendered himself to the Greater Shanghai Bureau of Public Safety after holding several high posts in official Communist circles for nearly eight years, was invited yesterday by the City Government to meet members of the press and to speak of his past experiences and the reasons why he had severed his relations with the Reds. The meeting took place in the City Government's office and was attended by Mr. T. Y. Chang, a secretary to Gen. Wu Te-chen, the Mayor.

The penitent referred to was Sun Chi-ming, a native of Huang Pei, Hupeh. He joined the Red movement in 1926 and, after receiving training in Moscow for several years, was sent by the Third Internationale to study conditions in Europe. Returning to China in 1930, he was called on to act as a secretary to the Kiangsu Provincial Communist Party and later to be a member of the Communist Council. He surrendered himself to the Chinese authorities recently when he became disgusted with the methods used by the Reds in China.

Ruinous to the Nation

At yesterday's reception, Sun told those present that he joined the radical movement believing that it would be advantageous to the people, but that now he realized he had made a mistake and that Communism was ruinous to the nation. He stated that two reasons had prompted him to sever his relations with the Communist Party.

Illegal Functioning in the Settlement by members of the Chinese Authorities

Shortly after 3.30 p.m. February 1, 1933, a party of Police from Bubbling Well Station in answer to a call proceeded to House No.5, Lane 56, Medhurst Road, where it was ascertained that Inspector Lieu Kuh Jing (呂克勤) attached to the Political Branch of the Shanghai Public Safety Bureau, in company with certain Chinese males, had entered the premises and effected the arrest of two male and one female Chinese communists and in doing so, had seriously injured the two former persons. Neither Inspector Lieu or any of his colleagues informed any member of the Municipal Police that they were watching or had suspicions against people living in this neighbourhood, and they failed to tell the police station concerned or even police on street duty in the vicinity that they intended to enter the house.

At the entrance of this particular alleyway a Chinese Police Watchman was stationed, and Lieu could have requested this individual to either help him or obtain assistance from a Police Station.

(2) REPORT FROM COMRADE YANG (杨) IN MANCHURIA ON THE GENERAL SITUATION IN MANCHURIA.

The general situation in Manchuria is still serious. Although there are more than one thousand armed comrades at Kirin and Fengtien, the connections with of the Communist Youth League with Eastern Manchuria have not as yet been restored. The League directs neither the struggles of the workers of the Chinese Eastern Railway, the Pei-ning Railway, seamen and electricity workers, nor the movements of the numerous volunteer armies who are fighting against the Japanese imperialists. Work among refugees is in suspension and the representative meetings of young workers and the Children Group have failed to bring about any result. It is evident that the new Provincial Committee of Manchuria does not understand thoroughly the real meaning of the Winter Storm Movement and is still under the influence of right-leaning tendencies.

The 3rd month of the Winter Storm Movement has already commenced. Inspectors for various Hsiens are being trained and will be dispatched soon.

The Central [illegible] office is carrying out the program of re-distributing the land distribution in accordance with the land law of the Central. In this program the farm hands, poor farmers, middle class farmers and the red soldiers will be given fertile lands and at the same time the party will detail men to plow the lands for them. If the rich farmers wish to plow the lands themselves, they will be given poor lands. Furthermore the farming tools of the rich farmers will be confiscated and given to those farmers who are in need of them. This program is at present receiving much support from the poor farmers, farm hands, middle class farmers and the masses.

(3) Organization work of the Party: There are 19,375 Party members, 70% of whom are poor farmers, 20% labourers, 2% farm hands, 3% free professionalists, 1% intellectuals and 5% middle class farmers. There are 678 Sections in farming villages, 10 in factories, 1 in school, 123 in official organs and 160 in military camps.

(Note: The above numbers are approximate ones).

The Organization Department publishes a printing matter known as "Party Livelihood", issued bi-monthly. This publication especially deals on the explanation of problems within the Party and records the views of the members towards the Party.

(4) Propaganda work of the Party: The principal work of the Propaganda Department is the publication of "Red Flag" and "True Talk Newspaper", which are issued once every week. The "Red Flag" explains the political and other central slogans and also contains directions. 3,000 copies are printed every issue. The "True Talk Newspaper" contains reports on politics and the struggles of the masses.

ttention is also being paid to the propaganda in the White Istricts and among the White armies. The regular propaganda matters are in the form of booklets entitled "Red Army and the White Army", "Don't believe in the devilish talk of the Kuomintang" and "Pay for the toiling masses".

(5) Economic work of the Party: The Soviet is enforcing the following economic policies:-

a) 16 trade institutions have been established for the purpose of exporting Soviet products and importing those goods required in the Soviet District. The monthly turnovers amount to $200,000, out of which a profit ranging from $12,000 to $18,000 can be made.

b) Co-operation Clubs have been formed and over 60,000 persons have joined the membership of these clubs.

c) There are 3 paper mills capable of producing 500 quires of paper daily. This quantity is sufficient to meet the requirements throughout the Soviet District. Besides there are 2 coal yards, 5 boiler factories, 12 coffin works and 1 spinning and weaving mill, all of which have employed many jobless workers.

(6) Financial work of the Party:

a) The land tax has been greatly revised and reduced. At present 120,000 piculs of rice can be procured from the land tax which is quite sufficient for the maintenance of the Red Army. Previously the land tax was extravagantly wasted, but now it is decided to issue rice coupons in two kinds, A. and B. Coupon A is for the Red Army-each is entitled to 3 "tou" and 5 "sin" of rice a month, while Coupon B is for the working staff of the various organs - each man is entitled to 2 "tou" and 8 "sin" of rice a month.

b) 3 Ship Inspection Offices have been inaugurated. The monthly revenue from this source amounts to $15,000 or $18,000, the rate being from 1% to 5%.

c) The Soviet Bank has been established with a capital of $180,000. $70,000 worth of banknotes have been issued. The bank has also ~~issued~~ lent $20,000 to the poor people.

d) There is still deficit in the monthly income and expenditure. The monthly military expenditure is $32,000, $9,000 for the Soviet, $6,000 for the Party expenses and $2,000 for the peoples' organizations.

(7) Communication Work:

a) Red Postal Offices have been established. Secret stamp is required to affix to a letter to be delivered to any distance.

b) Telephones have been installed at Kuh Yuen, but all these are obtained from the military telephones used by the enemy. A wireless station is also in existence.

(8) Court Work:

a) Revolutionary tribunals have been established in the Soviet District. Corrupt gentries, etc. are being tried. Revolutionary criminal laws have also been promulgated.

b) Opium smoking and gambling have been stopped.

(9) The Red Armies have now been increased by three times since they were during the first suppression campaign by the Imperialist Kuomintang. At present there are 7 regiments of men. The firearms in possession of the Red Armies are: 5,500 rifles, 32 machine guns, 22 heavy guns and 40 hand machine guns.

In North-Eastern Kiangsi there is an Arsenal which employs 150 workers. 3,000 rounds of ammunition can be manufactured daily. Pistols, Lewis guns and other firearms are being repaired in this arsenal.

- - -

A mass movement should be conducted to protest against the arrest by the [illegible] of comrade Wang Ping in Tientsin in December, 1932. The propaganda to be carried out in the movement should include the following points:-

(1) The renouncing of anti-imperialist [illegible] by the imperialistic Nanking.
(2) Particulars of 'White' terrorism.
(3) The suppression of labour disputes by the [illegible].
(4) Particulars of traitors.
(5) Antecedents of Wang Ping:- Committee member of the International Anti-Imperialist League, leader of Trade Union Movement.

Practical measures: To issue circulars, telegrams and protests in the name of public bodies. [illegible], patriotic and anti-imperialist organizations and public opinion should urge the Nanking to issue protests against the immediate release of Wang Ping and other political offenders. The C.Y. should collect contributions for relief work.

The above work should be done in a few days.

Efforts should be made by our members to force the Civil Rights Protection League to take necessary action.

The Soviet Government might issue a manifesto offering the exchange of Kuomintang officials captured by the Red Armies for Wang Ping and other political offenders.

The Party and the League should issue protests in their own names and should never adopt a passive attitude towards the arrest of comrades by the Kuomintang.

Lu(了): The Kiangsu Provincial Committee should at once instruct workers in factories to discuss the conducting of a movement to protest against the arrest of Wang Ping and with other anti-imperialist leaders and also organize a rescue committee. We should appoint persons to participate in the Civil Rights Protection League in order to force it to take action to protect civil rights, and if necessary, a mass movement shall be conducted to overthrow its leaders. Mass movements should also be conducted at Tientsin and Peiping to demand the release of Wang Ping and others.

San(三): The Kiangsu Provincial Committee should undertake the following without delay:-
(1) To organize a body to effect the release of anti-imperialist workers who are in gaol.
(2) To urge the workers of the following concerns to issue protests:- Silk Factories, Ricksha coolies, 9th factory (? Sung Sing No. 9 Mill), British American Tobacco Company, Sung Sing No. 1 Mill, and Shanghai No. 3 Mill.

(5) The "Central" issue circulars to-day.
(6) To relate the particulars of white terrorism.

(Name not given): The following slogans be adopted:-
(1) Protest against the arrest of Kung Ping!
(2) Demand the immediate release of all political offenders!
(3) Demand freedom of speech and publication!
(4) Unite and overthrow imperialists and the warlords!

Kwang(崑): The circular to be issued to-day by the Central should state that the arrest of Kung Ping by the Kuomintang is to suppress the anti-Japanese movement and instruct the branches work in conjunction with the families of the arrested in the movement to effect the release of the prisoners (meaning all political offenders who were arrested recently).

(Name not given): As regards the Civil Rights Protection League, we cannot treat it like a 'Yellow' labour union. The reason is that we can force the former to take action by means of threats while this cannot be done in the case of the latter. We should send men to participate in the Civil Rights Protection League to carry out a struggle against its leaders and also urge the masses to force it to do something in the protection of civil rights.

According to what we know to-day, we have not proved deeply into this struggle. We have therefore decided to undertake the following:-

(1) To establish an opposition party.
(2) To establish direct connection with the comrades who participate in the strike committee.
(3) To devise ways and means to u[illegible] the yellow labour unions.

Owing to the interruption of communications by labour traitors, the struggle is not carried out energetically. We have to send experienced hands to direct the movement.

If the strike continues, attention should be paid to the establishment of connection with the Strike Committee and the livelihood of the pickets.

We have discussed the direction of the struggle by the provincial committee of the party and the labour union. We have observed the neglience of the labour union; so we have decided to send an efficient worker to assist in directory work.

The present situation is favourable as the capitalists have received numerous complaints through telephone against mistakes made by messengers and are greatly handicapped. They are adopting a more conciliatory attitude towards the settlement of the dispute.

The Red Opposition Clique does not have a fixed organisation; there are only 13 persons who are unsatisfied with the 'yellow' labour union. No meeting has ever been held by the Red Opposition Clique.

Strikers have held several meetings, at one of which more than 60 persons attended.

At a meeting held by the Chinese company (?) on Sunday, it was decided to declare a strike of the "main station" (? wireless station) and to appoint three persons to direct the strike.

Under the guidance of the inspection officer of the "Central", the Mukden Special Committee has seriously inspected the past errors which the Committee committed in adopting the route of opportunism. The Committee now decides:-

1) The Northern Conference clearly points two worlds - the Capitalism and the Socialism of the Soviet Union - and also two opposing regimes - the reactionary Kuomintang Government and the Soviet Government. In its intensified anti-Imperialist movement, the Soviet is opposing the attack on the Red Armies by the imperialistic Kuomintang and is endeavouring to establish the Soviet regime in the North.

2) The Special Committee fully agrees with the resolutions of the Provincial Committee to abolish the opportunism. The Special Committee will henceforth struggle for the establishment of the Soviet regime and for the leadership of the racial revolution.

3) The Special Committee will, with all its vigour, execute the duties assigned by the Northern Conference, namely:-

a) Support the Soviet Union with force of arms.
b) Oppose the attack of the imperialistic Kuomintang on the Soviet and the Red Armies.
c) Intensify the racial revolutionary struggles.
d) Establish a Soviet regime and organise Red Armies in the North.
e) Lead the strikes of the labourers of the cotton mills, tobacco factories, etc.

Resolutions of the Manchurian Provincial Committee on Anti-Militarism Work.

The danger of war on the Soviet Union by the Imperialists is approaching the critical stage, while the partitioning of China and the suppression of the Chinese revolution, especially the Red Armies of the Soviet, by the Imperialists are taking place. Nevertheless, the capitalistic Kuomintang has shamelessly surrendered to the Imperialists and has betrayed the privileges of the nation. Under the direct control of the Imperialists, it is mobilising 50 Divisions of soldiers in a campaign against the Red Armies in the Soviet Areas.

In the past the Communist Youth League in Manchuria has neglected its activities among the reactionary soldiers. The Japanese Imperialism is using the armies of Manchukuo as tools for the suppression of revolutionary movement.

Therefore it is considered necessary to execute the following duties at the various places:-

1) To accelerate the work among the soldiers by detailing comrades to join the ranks of the armies of Manchukuo with a view to instigating these latter to start mutinies.

2) To accelerate the work of arming the masses and organising youth vanguard corps and youth volunteers among the juvenile workers in Mukden and Dairen. Induce the juvenile farmers in the villages to join the movement.

3) To detail efficient comrades to join the volunteer armies who are under the command of the Kuomintang with a view to revealing to them the malice and crimes of the Kuomintang and leading them to sever from the militarists and to join the ranks of the revolutionaries.

4) To conduct propaganda work among the Japanese forces instigating them to mutiny.

5) To establish Anti-Imperialism Committee and other similar bodies in various districts to carry out the work.

REPORT ON GENERAL SITUATION IN MANCHURIA.

During the past six months the Manchurian Imbroglio has been developing greatly. In an attempt to materialize her occupation of Manchuria, Japan is invading Inner and Outer Mongolia and is establishing battle lines for the direct war on the Soviet Union. Since January 1932 Japanese Imperialists have instigated the White Russians to start riots in Harbin and instructed General Tsang Chin Wei to reorganize military organs and to suppress press publication and all people's anti-Japanese movement.

The Japanese Imperialists are behaving recklessly in Manchuria and in cooperation with the French Imperialists she is endeavouring to secure control of the Chinese Eastern Railway. She has massacred workers and employees of the Chinese Eastern Railway and attempted to break the peace policy of the Soviet Union.

The vast masses of juvenile workers and farmers in Manchuria are suffering enough pains and oppressions under the positive aggression of the Japanese Imperialists. They are now either ill-treated or rendered destitute and homeless.

In order to secure the leadership of these affected toiling masses, the League should understand their urgent demands and sympathize with them. The League should organize Red Labour Union or Red Sections and form youth volunteer corps. The League should pay attention to the female workers.

Activities should be conducted among the "Big Sword Club", "Red Spear Club", etc. with a view to arming them and training them for the purpose of assisting the poor labourers and peasants in the theft of rice and the commission of incendiarism. All lands and property of the officials of Manchukuo should be confiscated and divided among the peasants and volunteer armies.

REPORT ON INSPECTION OF MANCHURIA.

"Central":

This is my fifth report on the inspection of the activities of the Manchurian Provincial Committee. I trust my four previous reports have duly reached you.

The Provincial Committee has accepted the resolutions passed by the Northern Conference and is at present re-embarking on the route of the "Central". The work which it has performed has shown slight progress and development.

1) Preparation of the organization and leadership of the strikes of workers of printing works, aerodromes and work shops of the Chinese Eastern Railway.

Prior to "August 1", the workers of four printing works in Harbin went on strike. The total number of workers affected was about 150. All these strikes were directed by the Party and the League. The strikers demanded: "Opposition to dismissal of workers", "Increase of pay", "Opposition to prolongation of working hours", etc.

There are more than 2,000 Chinese workers and 300 Korean workers employed at the aerodrome. The Chinese workers do not receive any pay but are provided with rations. On the anniversary of "August 1", 40 Chinese workers declared a strike and induced the 300 Korean workers to join the movement. They surrounded the superintendent of the aerodrome who later granted certain concessions which satisfied the strikers. This movement was led by the League single-handed.

Due to the efforts of the League, much unrest is prevailing among the juvenile workers, drivers and conductors of the electricity plant of the Chinese Eastern Railway. The workers are demanding "Increase of pay", "bonus", "equal pay on holidays", etc.

2) Establishment of Sections in industrial concerns.

During the "August 1" movement, a large Section of 13 members was established in the electricity plant, while Sections were also established in iron works, docks, and other industrial concerns.

3) Support of the Red Army.

The Provincial Committee has accepted the decisions of the "Central" for the support of the Red Army. In this connection the Committee published a printing matter entitled "Red Army Special Issue". The Committee also made out a very interesting album for the workers of the electricity plant. [illegible] for the subscription to the Red Army. [illegible] WORK DONE DURING THE [illegible] MOVEMENT.

The work done by the Provincial Committee during the Winter Storm Movement which was commenced on June 20:

1) In the first month of the movement, the Provincial Committee abolished its most erroneous policy of adopting the route of right inclined opportunism.

2) The Provincial Committee directed the strikes of 2,000 Chinese and 300 Korean workers of the aerodrome in Harbin. The Committee also established sections among the juvenile workers and induced them to make out demands for increase of wages and better treatment.

3) The Provincial Committee instigated the refugees to start struggles demanding better provisions and accommodation.

4) The Provincial Committee extended its activities to the workers of the Peiping-Mukden Railway who demanded issue of bonus, etc.

5) The Provincial Committee published a large number of pamphlets urging the masses to support the Red Army. The Committee launched a campaign requesting subscriptions for the aid of the Red Army and also established two Clubs of "Friends of Red Army" in Mukden.

6) The Provincial Committee detailed 12 comrades to join the ranks of the Volunteer Armies. 10 comrades more will be sent there later.

7) The Provincial Committee has undergone great changes.

Translation of document (a), Exhibit No. 7, bearing on on communist activities in Shensi, seized from No. 'C 5, Lane 56, Medhurst Road, on February 1, 1933.

Booklet entitled "Comrade Yang's report on the conditions and work of the Communist Youth League in Shensi".

Work done during the past 6 month

Shensi was affected by famine during the past years and thousands and thousands of farmers are still homeless. They have either become beggars in other provinces or joined the troops in Shensi or become bandits. Owing to the failure of the summer harvest in this year (? 1932), the farmers and refugees in Wei Pei district are now eating grass and the bark of trees. Whilst the territory in Western Shensi is in devastated conditions. In addition to famine, the people are more heavily oppressed by militarists, corrupt gentry, and landlords.

Despite the existence of dissensions among themselves, the Shensi militarists are united in suppressing the revolutionary movements of the masses. One worker was arrested and detained simply because he picked up a manifesto issued by the Communist Youth League and another was killed for committing sabotage at an amateur players club organised by a regimental commander. Many farmers in Wei Peh who took part in the food distribution movement were murdered, and massacre of students is also frequent. Nevertheless, the revolutionary movements continuing to grow, and the rule of the Kuomintang militarists is shaken.

The following are facts:-

(1) Mass struggles have become popular. Workers have demanded increase of pay and attacked the amateur players club of the militarists; the peasants of more than 40 'Hsiens' have conducted a movement to distribute food and besieged walled cities; students have declared a general strike; small merchants are opposing the business tax and the employees of industrial concerns and official organs are opposing dismissal and reduction of pay.

(2) Desertion and revolt often happen in the Kuomintang armies throughout Shensi.

(3) Every part of Shensi is full of bandits and the Kuomintang troops can hardly maintain order.

The following is a statistics of comrades in Shensi:-

Young workers and apprentices	:	9
Peasants	:	120(approximately).
Nurses	:	2
Students	:	152(approximately).
Employees	:	4
Miscellaneous	:	25

Translation of document (b), Exhibit No. 7, bearing on communist activities in Shensi, seized from No.No 5, Lane 86, Medhurst Road, on February 1, 1935.

Pamphlet entitled "Resolutions of the Communist Youth League in Shensi" in connection with student movements.".

The students of various schools in Shensi are struggling against the Kuomintang and other reactionary cliques, but they are in need of guidance and solid organization in order to extend their movement with successful results. They have failed to realise the importance of strikes which they should use as a weapon against their opponents. Consequently the Communist Party and the Communist Youth League should accelerate their work among the students.

The general principles of the student movements in Shensi should include the following:-

(1) Opposition to the new attacks upon China by the Japanese imperialists and the proposed partition of China by various imperialistic Powers.
(2) Opposition to the 'sale' of national rights by the Kuomintang and the anti-communist campaign.
(3) Opposition to the arrest of revolutionary students.
(4) Demand the release of arrested students.
(5) Opposition to the suppression of the anti-Japanese movement by the Kuomintang.
(6) Opposition to the activities of all reactionary cliques liable to harm the anti-Japanese movement.
(7) Opposition to the enforcement of 'Fascistized education' and the illegal besiege of school premises for arresting students.
(8) Opposition to the preachment of the Kuomintang principles in schools, and refusal to attend the weekly memorials of the Kuomintang.
(9) Opposition to the use of educational funds for other purposes.
(10) Opposition to the use of educational funds for attacking Red Armies.
(11) Expulsion of reactionary teachers and staff. Absolute freedom to choose teachers.
(12) Freedom of assembly, speech, publication, and strike.

The Communist Party and the Communist Youth League should at once organise revolutionary students unions consisting of students of poor families and those who entertain revolutionary thoughts. Revolutionary students unions are to undertake the following activities:-

(1) Apart from directing the struggles of students, the revolutionary student union should also direct various student organisations such as social science research societies, sports clubs, and book-reading clubs etc.
(2) The revolutionary student union should promote strikes, organise picketing parties and propaganda parties, and devise ways and means to extend the strike.
(3) In a strike of students, efforts should be made to hold demonstrations, to besiege the military court of the provincial government, and to hold 'flying' meetings to force the demand for the release of arrested students.
(4) Anti-Japanese and anti-imperialist movements are to be conducted as widely as possible including special attention to the propaganda in support of Red Armies and the Soviet movement in China.

Report from Shensi bearing on the International Youth Day Movement and the conditions of work of the Communist Youth League in Shensi.

Work done by the Shensi Provincial Committee on the anniversary of the International Youth Day:-

(1) Direction of labour struggles.
(a) On August 24, 1932, the Shensi Bus Company dismissed 60 workers and more than 20 apprentices and refused to pay the other workers and apprentices the four months' wages in arrear. The workers and apprentices subsequently besieged the offices of the company and appealed to the Construction Bureau on their own initiative for neither the Communist Party nor the Communist Youth League has any direct connection with the bus workers. Shortly afterwards the Provincial Committee of the Communist Youth League mobilised the union of apprentices, the Mutual Aid Society of Engineering Works, and the anti-Japanese societies of various schools to support the strike which was made victorious.
(b) After the struggle of the bus workers, the Printing Bureau dismissed 29 workers. The Communist Youth League was unable to exploit this incident as the dismissed workers returned home immediately after their dismissal.
(c) The capitalists of the Civilisation Daily News increased ~~the~~ working hours and supplied inferior food. The section established among the workers directed the struggle but failed to bring about any good result.
(d) The workers of the Siam Engineering Works demanded better treatment and our comrades directed the struggle. However, the principal comrades were arrested on the anniversary of the International Youth Day and the struggle finally failed.

(2) Work to support Soviet and Red Armies.
Collected contributions for the support of Red Armies, sent two students to Soviet areas, , and organised a Red Army Friendly Society.

(3) Work to support the anti-imperialist movement.
Nothing done other than propaganda work.

(4) Flying meetings and demonstrations on the International Youth Day failed to materialise owing to vigilant precautionary measures taken by the military and police.

(5) The Provincial Committee has organised an anti-militarism committee and established 3 sections among 'White' troops at Siam.

Letter to Branch of Central Headquarters (Communist Youth League) in Soviet Districts.

Comrades,

After reading the report of xxx, the documents relating to the 1st General Conference of Representatives of League Members in Soviet Districts, and the articles written by responsible comrades as published in the "Youth True Talk", we deem it necessary to send you this letter. .....

In view of the present situation, the Branch of Central Headquarters of Communist Youth League and other C.Y. organisations in Soviet Districts should undertake the following tasks:-

1) The consolidation of ~~the~~ Soviet rule is one of the principal duties of the Communist Youth League in Soviet Districts. The League should mobilise large numbers of young labourers, peasants and poor masses to support the Soviet Government and explain to them the Labour Laws, Land Regulations, Constitutions and manifestoes of the Soviet Government. It should conduct struggles in order to enforce these laws and orders, execute the accurate economic policies of the Soviet Government, assist in the enforcement of progressive tax, develop cooperative societies, and promote agriculture.
2) The Branch of Central Headquarters of Communist Youth League in Soviet Districts should, in accordance with the resolutions of the Central, send large numbers of poor masses, young labourers and peasants to ~~the~~ Red Armies and collect contributions for supporting the Red Armies.
3) The Branch of Central Headquarters should explain to the masses that the Red Armies are the genuine anti-Imperialist forces, and disseminate in large quantities copies of the manifesto of the Soviet Government declaring war upon Japan. The Branch should also draft plans to carry out anti-imperialist movements in 'White' districts.
4) The Branch should endeavour to improve the living conditions of labouring youths in Soviet Districts.
5) The Branch should endeavour to absorb large numbers of labouring youths into the Communist Youth League and consolidate the proletarian leadership in order to prevent the creation of opportunism.
6) The Branch should ~~xxx~~ improve its propaganda work and pay special attention to "Red" education.
7) The Branch should enforce strictly the resolutions of the Central in connection with the Winter Offensive Movement.

In conclusion, the Branch should concentrate its attention on the suppression of opportunism and on directing the numerous young labourers and poor masses in realising revolutionary victory in one or several provinces.

No. D 4454

Date February 15, 1933.

Subject (in full) Memorandum on the conduct of the representatives of the Chinese Authorities functioning at House 5, Lane 56 Medhurst Road on February 1, 1933.

Made by D.S. Pitts. *Forwarded by* [illegible]

Shortly after 3.30 p.m. February 1, 1933, members of the Bubbling Well Police Station answering an alarm call, proceeded to House No. 5, Lane 56, Medhurst Road, where it was ascertained that Inspector Lieu Kuh Jing (呂光勤) of the Shanghai Bureau of Public Safety in company with other Chinese males, had entered the premises, had effected the arrest of two male and one female Chinese Communists and in doing so, had seriously assaulted the two former persons. A search of the premises by the Municipal Police unearthed a quantity of important communist documents.

Inspector Lieu stated that together with his informer Zung Ping Woo (陳炳和) (arrested in the Kiaochow Road case on 18.11.1932) he had followed the two male prisoners whom he knew to be very important communists to the above mentioned address, and that whilst making enquiries regarding the occupants of the house he was attacked and dragged into the premises by the two prisoners, with the result that he was forced to resist in order to protect himself.

The importance of arresting at the earliest possible moment Wong Yoong Zung (王雲程) and Sung Chi Ming (孫陽明), respectively Secretary and Chief of the Organisation Department of the Communist Youth League, seems to have caused the Public Safety Bureau Officials to neglect adopting the correct procedure of invoking the assistance of the Municipal Police, but on the other hand, had this been done a certain delay would have necessarily been occasioned, and the possibility of the suspects making good their escape is evident.

In October or November of last year, Sung Chi Ming was

arrested under similar circumstances by the Chinese Authorities in the French Concession, but he managed to break away from his captors and escape. It is thus not difficult to find the reason for the assault in this particular instance - to prevent Sung Chi Ming and his confrere from again eluding capture.

Hankow, Hunan

Police Hotel Feb. 6, 1928. Clerk Zung.

My name is Wong Yoong Zung (王雲程即王永城) alias Wong Ming Tung (王明栋), aged 26, native of Hankow, Hunan, married, coolie by profession.

I first studied at a primary school in Hankow when I was seven years of age and remained there until I was eleven. I learned to read and write whilst there. After leaving this school I commenced working as an apprentice at the Hau Tai (保泰油店) Oil Shop, Hankow where I stayed for two years. Leaving this position I made my way to the Ma Tu Tien (駐馬店), Honan, in order to work as a coolie in the Yuen Fong (元丰蛋厂) Egg Factory. I remained there for two years.

Leaving here I went to Hankow and worked as a coolie in the Hwo Jien (和記蛋厂) Egg Factory - a British concern. My salary in this post was $5 per month and I stayed here for two years. After this I managed to obtain a job as an apprentice in the Hwo Fong (華丰) Cloth Factory in Hankow. I served two years apprenticeship, afterwards becoming a worker. Altogether I stayed here for three years.

Through the recommendation of a fellow-countryman named Yi Ts Ching (易志卿), I obtained a position as a coolie in the Tuh Ming (德明) Hotel, Hankow, my wages being $9. I worked here until the end of 1926.

Whilst on night duty in this hotel, I spent my days studying at a Labourers' School in Hankow, where revolutionary ideas were installed in my mind. Consequently, believing these doctrines, I joined the Communist Party, but this was [illegible]

the rupture between the Communist and Kuomintang Parties.

In March 1927, I came to Shanghai with the object of proceeding to ~~xhax~~ Moscow, but I was unable to make any connection with the Party here until December 1927, when 45 other young students and members of the Communist Party, I left for Vladivostock by the s.s. Pingwo. We stayed in Vladivostock for one month before proceeding to Moscow, where I studied at the Sun Yat Sen University until the end of 1931, when I was ordered to return to Shanghai to work with the Chinese Communist Party. I travelled via Manchuria and arrived in Shanghai at the end of December, 1931.

I stayed in various hotels in Shanghai after my arrival, until the end of January 1932, paying my expenses with G$20, which was given to me by the Communist Party before I left Russia.

At the beginning of February, acting on instructions given by the Communist Party in Russia, I got into touch with agents of the Communist Party in China, who were residing at a lodging House the whereabouts of which I do not remember.

I received instructions from one Lo Ting Yien (羅登賢) a Cantonese clerk in the National Labour Federation to work with that Society, whose HQS were at that time situated at Tai Oen Li (泰安里), North Honan Road. Lo is at present working as a Communist Inspector in Manchuria.

It was at this time that I met Sung Chi Ming (宋紀明) the Chief of the Organisation Department of the Communist Youth League. Sung was trained in Russia and can speak

and write English and Russian perfectly well.

At about the same time, instructions were received from the Communist Party to proceed to a certain foreign house on Bubbling Well Road near Gordon Road. I went with Ho Ting Yien and an interpreter, and after meeting the foreigner we discussed the many phases of communism in all its branches. The foreigner also gave us instructions as to how to act. One of the photographs that you have just shown to me I definitely recognise as the foreigner I then met. (NOTE: Six photographs of known or suspected foreign communists were shown to the prisoner and he unhesitatingly picked out the photograph of V. ROVER as the man he met at the house on Bubbling Well Road.)

This man's description is as follows:-

Over 30 years of age, about 5'8" in height, stout build, dark wavy hair short at the back, wears glasses, good teeth at the front, broad round face, with a mole on I believe the right cheek, high forehead, dark eyebrows, big mouth, wears glasses, hairy hands, speaks English and Russian, dark shaven. Sometimes carries a walking stick and is smartly dressed.

After being affiliated to the National Labour Federation of which I was Chief of the Organisation Department, I was transferred to the Shanghai Labour Union, a lower grade of the former Federation, with its offices in a house on Haining Road, the number of which I do not remember. My position here was "Acting Clerk" the original clerk having been arrested. I remained in this capacity for six weeks after which [illegible]

transferred to the Kiangsu Provincial Committee, the offices of which at that time were located at Yok Ling Li (毓林里) Tiku Road. My position was a clerk, and I remained in this capacity from May until September 1932, when I was ordered by the Party to join the 10th. Red Army, then engaged in guerilla warfare. I refused to go and stayed at 867 Loong Sie Li (隆西里), Avenue Road. As I was reluctant to go to the front, the Party transferred me to the Communist Youth League after the raid on the Matters headquarters in November 1932, making me take the place of Zung Ping Woo (傷炳和) who had been arrested and who had been the former clerk.

I began my duties on January 1, 1933 with temporary offices in the upstairs portion of a coffin shop opposite the Kwang Hwa Theatre (光華), Avenue Edward, French Concession.

About the middle of January we removed our offices to 5 Tsang Ka Hwo Yoen (曾家花園) Medhurst Road and at the same time had another office installed at 3 Wen Yuen Fong (文元坊), S Ka Jau (褚家橋) French Concession.

On February 1st. Sung and myself were reading communist documents in the premises at 5 Tsang Ka Hwo Yoen, Medhurst Rd. and at about 3 p.m. two persons came and arrested us. Last October or November the Public Safety Bureau attempted to arrest Sung Chi Ming in the French Concession but he escaped from them and that, I think, is why they hit us with their pistol butts.

The standing committee of the Communist Youth League consisted of Woo Kah Tum (賀崑金), Sung Chi Ming [illegible]

and myself. Woo Kuh Zien's description is as follows:-

About 5'5" in height, medium build, broad sallow face, small eyes, brushed back short hair, wears foreign and Chinese clothing, no peculiarities, Russian trained, can speak English and Russian though not as well as Tung Chi Ming.

During January of this year when I was working in the Communist Youth League, in a foreign house on Avenue Joffre near the Kwa Tha (國泰) Theatre, I met a foreigner four times - once a week. This foreigner is said to be a clerk of the Communist Youth League of the United States of America and Tung Chi Ming told me that he was an American. We used to discuss various phases of communism and he gave us advice and instructions regarding the party. His description is as follows:-

Aged between 20 and 28, 5'7" in height, slim build, light brown hair combed back, thick eyebrows, deep set eyes, good teeth, no glasses, fair hair on hands, thin long face, fair complexion, broad forehead, clean shaven, smartly dressed, single shirt cuffs, smokes cigarettes, nicotine stained fingers, fond of beer.

I wish to see Zung Ping Woo and to renounce all connection with the Communist Party and I desire to assist the Kuo-minteng.

Signed:-Wong Yoong Zung.

At 8 am the 9-2-33 D.S. Hunt took both male accused to the Police Hospital where they were X-rayed.
The result of this examination however would not have been apparent until too late for production at Court, so later, acting on the instructions of the Officer i/c Special Branch, D.S. Hunt obtained a Memo from Dr. Wong, the Surgeon i/c the case, stating that both accused were fit to be discharged from Hospital.

& copy attached to file

On the strength of this, the Officer i/c Special Branch instructed that no further action be taken against B.P.S. Insp: Lieu Kuh Jing(吕克勤).

The three suspected Communists and Lieu Kuh Jing again appeared before the S.S.D. Court at 1 pm the 9-2-33.
The Police offered no evidence against the latter, and he was released. A representative of the Bureau of Public Safety applied for the others to be handed over for trial.

Actual copy attached to file on 11/2/33. S2.

The charge sheet was endorsed as follows :-

"Tsang Han Ching and Wong Sau Su, to be handed over to the Bureau of Public Safety".

(At present being translated by Special Branch.)
"Yang Fung Tsung to be released on bail".

On the 8-2-33, D.S. Hunt took both of the male accused, Tsang Han Ching(張漢卿) and Wong Seu Su(黃守素) to the Police Hospital, and requested a certificate regarding the possibility of any future ill effects resultant from the wounds they received on the 1-2-33.

The Surgeon in Charge bearing in mind the object of this request, stated that he was not prepared to issue such a certificate, unless he first examined X-ray photographs of the craniums of both prisoners. X-ray photographs cannot be taken until the 9-2-33 and the negatives will not be ready for perusal until too late for an opinion to be offered to the Court, therefore when the accused re-appear on the 9-2-33, an application will be made for an extension of the Writ of Detention, say until the 13/14-2-33.

In a statement made by Tsang Han Ching to D.S. Pitts, on the 6-2-33, the maker confesses to being Wong Yoong Sung(黃永誠) Secretary of the Communist Youth League, and he alleges that Wong Seu Su, is really Sung Tshi Ming([illegible]) Chief of the Organization Dept. of the Communist Youth League.

This coincides with the original report of Inspr Liou Kuh Jing ([illegible]) B.P.S. who was instrumental in effecting their arrest. In consideration of this, the A.C. Special Branch, recommends that they be handed over to the B.P.S. for trial.

This recommendation is endorsed by the M.A. who has instructed the A/M.A. to take the case accordingly.

REPORT

Date February 8, 1933.

Subject (in full) Case against Tsang Han Ching (張漢卿) alias Wong Yoong Zung (王永城) and Wong Seu Su (黃守素) alias Sung Chi Ming (孫際明).

Made by D.S.I. Everest. Forwarded by [illegible]

I forward herewith a revised list of the communist literature seized by the Municipal Police from a room on the 2nd floor of No.5, Lane 56 Medhurst Road, on February 1, 1933.

Of the documents in question - about 120 in number- the majority deal with communist activities in Manchuria, Kiangsi, Kiangsu, Hunan, Hupeh, Shantung, Szechuen, Fokien and Kwangtung. The only documents of any significance relating to local affairs are exhibits No.5 (Cover "A") and No.15. Full translations of these documents are being prepared.

There is no doubt that the documents are the official records of the Communist Youth League and that the room from which they were seized is the Central Headquarters of the Communist Youth League.

Although the Public Safety Bureau officials since the commencement of this case have maintained that the two male accused arrested in the house at Medhurst Road are respectively (1) Wong Yoong Zung (王永城) - Secretary of the Communist Youth League and (2) Sung Chi Ming (孫際明) - Chief of the Organization Department of the Communist Youth League, there has been no evidence in our possession to substantiate this statement. However, the confession of the Ist accused - Tsang Han Ching (張漢卿) alias Wong Yoong Zung (王永城) - made before D.S. Pitts and Clerk Zung Zoong Oen at the Police Hospital on February 6 regarding his own and the 2nd accused's connection with the Communist Youth League removes all doubt concerning their identity.

In view of the foregoing, taken into consideration with the statement of the female prisoner Yang Pang Tsung (楊芳蓉) to the effect that the 2nd accused actually rented and occupied the room in which the communist documents were found at No5,

Lane 56 Medhurst Road under the name "Ling" (林), and that the 1st accused often visited Ling, materially strengthens the case against the prisoners.

In view of these facts, remembering especially that the majority of the seized documents refer to communist activities in the Interior, I respectfully wish to state that I am of the opinion that the request of the Chinese Authorities for the extradition of the accused is justified.

Officer i/c Special Branch.

No objection to extradition. Mr Legal Department, Provided no obstacle exists in the legal aspects of the case, I wish to endorse the recommendation of D.S.I. Everest that these men be handed over to the Chinese Authorities. This is really a continuation of the Kiangsi Road case, and the conspiratory work in which the prisoners were engaged extends to all parts of the country.

Time at which investigation begun and concluded each day	10 a.m. - 2 p.m. February 6, 1933.	Places visited in course of investigation each day	Municipal Police Hospital, Ward Road.

RECORD OF INVESTIGATION.

A statement was taken from Tsang Han Ching (曾漢卿) in a small room adjoining the prisoners' ward of the Police Hospital in accordance with the instructions as laid down in Memo. 333. In this statement, which was given in a quite rational manner, the prisoner disavowed all connection with communists or the Communist Party, and gave himself out to be a respectable rice shop merchant.

Before he was allowed to return to the prisoners' ward, he was carefully advised to ruminate for some time over his statement, which he had signed as being correct, when we would talk to him again.

Wong Seu Su (黄守素) the 2nd. accused, was then brought into the room adjoining the ward and for some twenty minutes he was further questioned regarding the statement that he had made on February 4, 1933.

No further information coming to light, I escorted Wong back to the prisoners' ward, where Tsang approached me and said that he wished to talk to me again, and that the statement he had already made that morning was incorrect.

Even before he commenced speaking to Clerk Zung and the undersigned he commenced to weep, to strike his breast, to bang his head on the floor and walls and to generally act in a manner which suggested that he was either more

than slightly mentally deranged or that he was an exceedingly good actor.

Admitting that he was a communist, that his real name was Wong Yoong Zung (王永城), that he was the successor of Zung Ping Woo (陳炳和) (arrested at 22, Lane 42 Kiaochow Road on 18.11.32) and that he was the Secretary of the Communist Youth League prior to his arrest, he begged, even implored that we arrest his wife - a communist - and his brother - not a communist - in order to protect them from any possible communist vengeance. He also requested to be allowed to talk with Zung Ping Woo.

Wong Seu Su (黄守素), the 2nd. accused, according to Tsang, is none other than Sung Chi Ming (孫陽明), the Chief of the Organisation Department of the Chinese Communist Youth League.

The 1st. accused continued to act in a manner indicative of mental deficiency and repeatedly requested that his wife and brother be arrested.

He gave us a list of addresses - none of which were at all clear - which he stated were either communist bases or meeting places and said that he had not previously divulged anything because he was waiting to ascertain whether his wife had been arrested at 567 Loong Sie Li (隴西里), Avenue Road - an address

which he gave to the Bubbling Well detectives on the day that he was arrested, and which could not be located.

The safety of his brother and wife had by now become a raging obsession with him and after doing our utmost to get further information from him, it was deemed inadvisable at 1.15 p.m. to question him any further. Accordingly Dr. Wong of the Police Hospital was called. He expressed the opinion that Tsang was suffering from some mental disorder, administered a morphine injection and had him placed in bed, telling us to come to-morrow (February 7) when the prisoner would be fit to be questioned further.

The prisoner, it is felt certain, will divulge further information regarding the activities of the communist party, but his concern for his relatives' safety, it would appear, has temporarily caused his mind to become unbalanced, with the result that it is well nigh impossible to obtain a coherent statement from him.

Attached herewith is the list of addresses as given to us by the prisoner.

REPORT OF POLICE INVESTIGATIONS.

The following is the statement of Wong Seu Su (黄守素) alias Wong Shao Yang (曉陽) alias Sung Shui Tsoo ( ).
native of Anhwei. taken by me D.S. Pitts
at Police H'tal on the 4th. Feb. '33. ~~and interpreted by~~

My name is Wong Seu Su (黄守素) alias Wong Shao Yang (黄曉陽), aged 25, single, native of Huh-Wei hsien, Anhwei, clerk by profession.

I am at present residing at No. 5 Yi Tuh Li (怡德里), Rue Lafayette, near Rue Tenant de la Tour - the house of my employer Sung Shui Tsoo, the Shanghai representative of the 24th. Army in Szechuen.

$2, Please verify. JMB

I studied in an elementary school in my native hsien for several years when I was young and when I was about 17 I obtained employment as a boy with Mr. Horner, an American Missionary in Wuhu. He treated me more as a friend than as a boy and during my stay with him I was enabled to speak and write very good English. I can also read and write Chinese. At the moment I believe, Mr. Horner is in Changsha.

Is there such a man? JMB

At the age of about 18 or 19, I recommenced my studies at the Anhwei Middle School, where I remained for three years studying general subjects. Leaving this academy at the age of 22, I made my way to Szechuan, where through the recommendation of an uncle who died during 1932, I secured a position as a clerk in the HQS Staff of the 24th. Szechuan Army, my salary being $15 per month.

I remained in this position until the Spring of 1932, when I proceeded to Shasi (沙市), Hupeh, to see a friend, whose name I do not remember, who was chief of the Bureau of Public Safety in that district. I stayed with him for three months, after which he recommended me to Sung Shui Tsoo (孫瑞初), the Shanghai representative of the 24th.

Army in Szechuen. I immediately made my way to Shanghai. Since the summer of 1932 I have acted as the personal secretary of the latter and my salary has been $50 per month. My work consisted of sending telegrams to the Szechuan Government, making reports and cutting out newspaper extracts regarding military activities.

What for?

Prior to moving to 5 Yi Tuh Li (怡德里) Rue Lafayette, I lived in the Settlement with my employer for a few days. This was immediately after my arrival in Shanghai, and the address at which we stayed was Zung Bing Ka (昇平街), Moulmein Road, the number of which, however, I do not remember.

All these details can be verified by Sung Shui Tsoo, who is still residing at 5 Yi Tuh Li (怡德里), Rue Lafayette.

He has absconded?

On February 1, 1933, a friend of mine named Tsang Zeu Zuh (曾壽日), invited me to supper and to play mah-jongg at House 4, Tsang Ka Hwo Yoen (曾家花園), Medhurst Road. I made my way to this house after tiffin, and as this was the first time that I had been to this address, I made a mistake and entered House No. 5. As soon as I entered these premises, a Chinese male in a long blue gown commenced to assault me and then another man struck me on the head, from behind, with a pistol, causing me momentarily to lose consciousness. This assault took place in the kitchen room downstairs. When I recovered I ran out of the house and called for assistance thinking that

my assailants were armed robbers. I told a policeman whom I met at the entrance to the alleyway what had happened, but my assailants, who had pursued me, told the policeman that I was the robber, whereupon I was arrested and escorted to the Police Station. The other Chinese who was arrested and who also was suffering from scalp wounds is unknown to me, and prior to my arrest I have never seen him before.

I am not a communist, and am not an adherent to any party. I know nothing about communist organisations and know nobody named Sung Chi Ming (孫際明). I have never been arrested before.

I request that Mr. Sung Shui Tsoo (孫瑞初), my employer, be allowed to see me after having been informed of my plight.

RECORD OF INVESTIGATION.

At 10 a.m. Clerk Zung and the undersigned visited the Police Hospial, Ward Road, with the object of taking a statement form Tsang Han Ching (曾漢卿) alias Wong Yoong Zung (王永城) the 1st. accused.

It was evident at the outset that the prisoner was still in a state of mental disorder, but the Police Doctor stated that he was in a fit condition to be interviewed.

Tsang immediately begged us to go to 232 Liaoyang Road as he had received information that his wife and brother were staying there. Asked how he knew this he stated that he had sent a note by one of the Hospital coolies to this address and had received a reply from his wife saying that she and her brother-in-law would be at this address at tiffin time to-day.

A search of Tsang's clothing and bedding failed to reveal any sign of the note and the coolie who took the chit could not be found - he very probably being on night duty.

It should be mentioned that with twomexceptions, the addresses which the prisoner gave us yesterday, could not be located. One of these addresses - 3 Wen Yuan Fong (文元坊), Tsu Ka Jau (褚家桥) was raided by the French Police on February 2, 1933 with no results whilst the other address was visited by members of the Special Branch and detectives from

Tsang informed us that he joined the Communist Party in the latter part of 1926 in Hankow, before the rupture between the Kuomintang and the Communist Parties. In March 1927 he came to Shanghai with the object of proceeding to Russia, but was unablw to make any connection with the Communist Party in Shanghai, until December of the same year, when with 45 other young students and members of the Communist Party, he left for Vladivostock by the s.s Pingwo.

He stayed in Vladivostock for one month before proceeding to Moscow where he studied at the Sun Yat Sen University until the end of 1931 when he returned to Shanghai to work with the Chinese Communist Party.

At this point of the interview, the prisoner lost control of himself, exhorting us to take him to 232 Liaoyang Road, in order to arrest for safety's sake, hisrelations.

Dr. Wong of the Police Hospital was called and the circumstances explained to him. He advised that the prisoner be taken to visit the address in question, which might have the effect of clearing the prisoner's

head and clarifying his reasoning powers.

Accordingly the assistance of Bubbling Well detectives was invoked and at 11.30 a.m. 232 Liaoyang Road was visited, the prisoner accompanying us. It was ascertained at this address that although the 1st. accused's wife had visited the premises yesterday, she had since left and her whereabouts unknown.

It is fantastic to imagine that this woman would deliberately wait at any address which she knew would possibly be visited by the Police, be arrested and be incarcerated in gaol, indicating without doubt that the 1st. accused's mind must undoubtedly be unhinged.

When the prisoner realised that his wife was not on the premises, he broke down again and another 'scene' ensued, with the result that he was escorted back to the Hospital.

Another attempt will be made to-mprrow, or as soon as is deemed advisable, to obtain a statement from the prisoner.

On the 3-2-33 D.S.I. Tang Tsu Hu again interviewed the agent of No. 5 Lane 56 Medhurst Road, and showed him a number of photographs found on the scene, which he failed to identify.

They have now been forwarded to the Special Branch Office.

An inventory of all property in the house has been made and will be forwarded to Court on the 9-2-33, when, if those in custody are dealt with, an application will be made for it's disposal. None of the former occupants of the house have attempted to return since the fracas.

Arms Identification report No. 2071 now to hand, contains interesting information regarding the round of ammunition found on the scene. It is of .380 or 9 m/m Calibre, and of German manufacture.

It is of the same type as some recently examined when 6 "Astra" (Spanish) make pistols were licensed.

They were issued by the Chinese Ministry of War, four of them being licensed to individuals connected with the Chinese Government as follows :-

has been submitted for inspection when other makes of pistols were licensed, but I am informed by the Arms Licensing Section, that of late, this new type of ammunitio has been readily obtainable in Nanking and can be used in other pistols of the same Calibre.

The 2nd accused Wong Seu Su(黃守生) was released from the Police Hospital on the 6-2-33.

He has been seen by the female, Yang Pung Tsung(楊本貞) and is identified as the one named "Ling" who rented and resided together with his wife and child in the upper portion of her mother's residence.

D.S. Pitts S.B. took a statement from him whilst he was still detained in Hospital. Efforts to have been made to take a statement from Tsang Han Ching(張漢卿) but so far have proved fruitless. After giving a false statement, he mentioned two addresses in the French Concession. The fird No. 3 Wen Yuan Fong Tsu Ka Sau, said to be a meeting place of the C.C. Youth Group, was found to have been fruitlessly raided by Insp. Marmegrant, of the French Police, on the 2-2-33, no arrests being made.

Efforts by D.S. Pitts (S.B.) and D.P.S. Taylor, to find the second address, i.e. the upper portion of a furniture shop, occupied by Woo Yui Sung( ) at Pai Sien Jen, proved in vain.

A further statement has been taken from the female Yang Pung Tsung(楊本貞). She now admits residing at the address

Very little fresh information has been obtained from her, and she does not appear to know much. So far, nothing has been discovered which would warrant charges being laid by us against the three alleged Communists, and no application for their extradition has been received from the Chinese Authorities.

st tes;

I am single and I came to H[illegible] [illegible] years ago with my Mother, Yang Lieu Sz, and my two brothers, Yang Hung Lib (楊[illegible]), age 19, and Yang Li Yi[illegible] (楊利行), age 18 years, because my father died the same year and we had no means of subsistence. My native address was at North Gate, Changsha, Honan. When we first came to Shanghai, we stayed at No. 26 Tse Ling Zaung, Yard Road, for about one year, and later removed to Yangtzepoo Road where we stayed for about another year, and then removed to No. 9 May Hwo Li, Route de Say Zoong. We only removed to the present address No. 5 Tsang Ka Hwo Yoen on or about the 20-1-33. My elder brother died two years ago from tuberculosis. My next brother works in a printing works called "Tsung Zung" on Route de Say-zoong Neither my mother obtained any work, and we subsisted on sums of money varying from $40.00/$50.00 per month, given to us by my mother's aunt, Tseu Lieu Sz, who formerly resided with us at No.9 May Hwo Li, Route de Say Zoong. My mother's aunt and my brother returned to Honan on about 30-1-33. My mother's aunt gave my mother two or three hundred dollars before she left, so we found a new house at No. 5 Lane 56 Medhurst Road (Tsang Ka Hwo Yoen). My mother then looked for some sub-tenants, and arranged to let the upper portion of the house to a man named Ling, his wife, name unknown, and child, Siau Hau Doo, for $90.00 or $100.00 per month. He paid the first month's rent and moved in on the morning of January 21st. 1933. My mother and I moved in, in the afternoon of the same day. Mr. Ling's elder brother lived with him in the house with us.

Ling is the man who was arrested, and I have never heard of him

Yang Yun Tsung

being called Kong Ku Koo (孔令宝). The other man arrested with Ling, whom the detectives call Tsang Man Ching (張漢卿) often called on Mr. Ling, and had not left at night, when I went to bed at 9p.m., so I don't know whether he stayed or not. On the day he was arrested he had been with Mr. Ling since 11a.m.

I went upstairs at 2p.m. that day to play with Ling's child and g gave it food. At that time, Ling's friend left the room, but returned later, being dxragged in by another man wearing overcoat, who was armed with a black pistol and followed by three other men. On entering, the armed man (i.e. B.P.S. man) intimidated us to keep quiet, with his pistol. As he (Ling's friend) was refused to go out from the room, a fight was encaed between him and the B.P.S. man. Mr. Ling participated in the fight assisting his friend, but they were both overpowered by the B.P.S. manwho had assistance of his three followers, and consequently Mr. Ling and his friend were taken downstairs by them.

My mother was in the guest room when the men came in to fight with Ling and his friend, and she must have escaped with Ling's wife and child on the departure of the fighters. I don't know where she can have gone to because she has no more relations or friends in Shanghai.

My fiancee is named Woo Yuin Ching (胡宝珍), aged 24, native of Szechuen, and keeps a general goods store in Szechuen. He usually stayed in Avenue Joffre (House No. unknown) Frenchtown, when he came to Shanghai, and I occassionally stayed at his place.

3rd, accused further questioned by Judge:- My mother lives on the ground floor alone & I went there to see her on the 1/2/33, as I had been staying with my friend to whom I am to be married. his name is Woo Zung Ching, & I have been staying there since the 4th, of the 1st, moon, but I cannot remember the name of the road where we lived in French Town.

Judge to accused:- Then how do you know where to go when you go there ?. Accused:- I take a riksha to Avenue Joffre & then find my way on foot. I know the 2nd, accused by the name of Ling & he rented the 1st, & 2nd, floors of No,56 Medhurst Rd, from my mother, who is the chief tenant. We all moved into there together on the 21/1/33. The 2nd, accused has a wife & child, but I do not know whether the 1st, accused stayes there at night or not. I seldom go upstairs & I do not know whether the 1st, & 2nd, accused's are communists. None of the literature seized there belongs to me. When I took the child upstairs, the 2nd, accused came down & met the 4th, accused & three others. The 4th, accused then proceeded upstairs went straight up to the 1st, accused & pointed a pistol at him, at the same time telling him not to move. The 1st, accused then wanted to leave the house, but the 4th, would not let him go, with the result that a fight ensued. I then came down stairs & found that my mother was missing. At this time the 4th, accused & settlement police came to the room & arrested me, but I am not a communist. I came to Shanghai four years ago with my mother to find work. I also have a brother employed at the " Chung Wha" printing works, but I did not know the 1st, & 2nd, accused before they came to say at the house, neither do I know anyone by the name of Zung Ping Woo.

4th, accused:- On the morning of the 1/2/33 I received information from my informer named Zung Ping Woo, that as he was passing Weihaiwei Rd, he saw the 1st, accused, who was known to him by the name of Zung Chi Ming enter an alleyway known as the

Sheet No.5.

Zung Ka gardens & I went there with him to ascertain in which house he lived, as I can easily distinguish a house occupied by communists because they have special marks on the walls & windows. When we arrived there my attention was drawn to house No.56 as there was Red & Blue papers in the window, which was closed, that also appeared strange as it was a very warm day. There is also a double iron gate at the front entrance & a bell at both the front & back doors. After examining the front door I went to the back, when the 1st, & 2nd, accused came out & asked me what I wanted. They appeared to be very uneasy & they know me by sight as I have handled so many communistic cases. They then forced me into the house upstairs & my informer followed to the second floor, where, in a room on a table was a paper with writing on it of a communistic nature, but the writing was not complete. An argument took place after that, which developed into a fight & pieces of furniture was used as weapons by all, so it is natural that we all received injuries. I had to do something to defend myself, as they set upon me. The 1st, & 2nd, accused then ran outside & I followed them, where we were arrested by police. About three or four females also took part in the affray, but the 3rd, accused was most active. She is known by the name of Yang Pah mei amongst the communistic party & he mother is also a communist. The 3rd, accused & her mother formerly lived at No.42 Ts Tuh Li off Sinsa Rd, but when we went to raid this place some time ago they had already moved, because they must have got information that another place was raided near where they lived. The 1st, accused is a secretary to the communistic party & the 3rd, accused looks after the house for any communists & as my informer was formerly a communist, he knows what names they went by.

3rd, accused to judge:- I am not a communist.

4th, accused:- The 2nd, accused is known to my informer as Wong Yeung Sung. I make no mistake about the 3rd, accused taking part in the fighting in the house. The house rent of this place

is about $100 per month & as the 3rd, accused's mother is a widow, it seems strange that she keep the house going.

Judge:- That cannot be taken into consideration as she might have private means.

Mr, Tsar Ching Vung for the S.P.S.B.:- The 1st, 2nd, & 3rd, accused are undoubtedly communists & as to whether the case will come under the jurisdiction of this court or the City court remains to be seen, but as the police ask that the case be remanded, I ask that the 4th, accused be released on security or, if the court considers fit I will guarantee his appearance in court when ever required.

Mr, Lea:- The police ask for a weeks remand.

Inspector Lieu Kuh Jing (呂克勤) S.B. accompanied by his superior Mr. Young Yoong Ing (黃永年) attended B'well Station at 8.15a.m. the 2-2-33, and accompanied detectives to the L.S.D. Court, and gave evidence.

The case was heard in chambers, nothing fresh being divulged. At the conclusion of the proceedings, the three alleged Communists were ordered to be detained until 1p.m. the 9-2-33. The S.B. operative, Lieu Kuh Jing, was released on the personal guarantee of Tsou Kyi Voong (鄒紀雄) Legal Representative of the P.S.B. to appear at the next hearing.

Subsequent enquiries in the vicinity of House 5 Lane 56 Redhurst Road produced no one except the house agent Zung Siu Ming (陳孝明) who was able to give any information regarding the occupants. The latter states that the person who rented the residence, one named "Tsang", is definitely not in custody. "Tsang" is aged about 34/35 years, 5'8" medium build, spoke Shanghai dialect, and said he was an editor employed by the Commercial Press.

The informant saw Tsang leaving the premises at about 1p.m. the 1-2-33. Tsang's wife who gave the appearance of being a school-teacher, was about 30 years of age, was fat and wore spectacles. They had a son aged 6/7 years, and all were Chinese clothing habitually, whilst the two men under arrest were foreign style clothing and were from Hupeh and Anhwei respectively. None of the people described have returned to their home, and S.P.Cs. are on guard within the premises.

D.S. Jones (C.I.D.), D.P.C. Taylor and S.P.C. 273 visited the address given by Wong Sou Su, i.e. No. 5 Moo Tuh Li, Rue Lafayette, on the 2-2-33. Assistance was provided by Inspector Hammorant, i/c French Political Section. The latter raided this address on the 7-1-33, but finding nothing suggesting active Communism, made no arrests. He knows that three brothers Sung, formerly resided at the address, which is the home of Sung Chao Kwong (孫兆光) Representative of the Szechuen Provincial Government. The occupant of the house was absent when detectives arrived, as were also two of the said brothers "Sung". One is apparently named Sung S Su ( ), his younger brother's name being unknown.

It is thought very probable that Wong Sou Su (黃壽森) is a brother of Sung S Su, and that his name really is Sung Tung Ming (孫清明). It could not be ascertained whether he had been recently residing at this address and his supposed brothers have not been seen.

Detectives looked through the house but observed nothing of a Communistic nature, but there were a number of Bolshevist works in the top room, said to be occupied by one Koo Wan

The female Yang Pung Tsung (楊本貞) still denies that she would be able to find her way to the home of her fiance with whom she resides in Frenchtown, and detectives have ascertained that No. 567 Yoong Ching Li, Avenue Road, the address given by Tsang Man Ching (張慢青) does not exist. Enquiries are being made in the vicinity to ascertain whether he ever resided nearby.

Fracas resulting in the arrest of a member of the P.R.S. and three suspected Communists.

At shortly before 3.30p.m. the 1-2-33 C.P.C. 1817 on duty on Weihaiwei Road, observed a Chinese bleeding from head wounds emerge from the Tsang Ka Hwo Yuen (hereinafter referred to as Lane 56 Medhurst Road) and ascend a riosha. The man appeared to be in a hurry to get away, so C.P.C. 1817 stopped the riosha, whereupon the man tried to escape, and was arrested. He stated that he had been in a fight. At the same time a crowd emerging from Lane 56 informed C.P.C. 1817 that there were a number of robbers in the alleyway at House No. 5.
S.P.C. 91 on duty at Moulmein - Weihaiwei Roads corner was also informed. He entered the alleyway to investigate, whilst C.P.C. 1817 telephoned an alarm to B'Well Station. Uniform and Detective Squads under Inspector Chamberlain and D.S.I. Widdowson attended (3.30p.m.).
Meanwhile S.P.C. 91 accompanied by C.P.W. 1668, on approach-ing House 5 Lane 56, observed two Chinese struggling. He arrested them believing them to be robbers, but one showed him a Warrant Card identifying him as a member of the R.P.S., therefore S.P.C. 91 and C.P.W. 1668 accompanied the latter into House 5, where a female was also arrested. Upon the arrival of the alarm squads, the identity of the P.S.R. representative was established as, Inspector Lien Kuh Jing (廉克敬) No. 380, a special operative engaged on Communist enquiries under Mr. Wang Yoong Hwa (王永華).

Those arrested were (1) Tsang Han Ching (張漢卿), (2) Wong Seu Su (黃子素) alias Shao Yang (曉楊), (3) female, Yang Pung Tsung (楊本崇). The two former were suffering from sanguinary scalp wounds, and were unable to give much of an account of themselves, other than that the P.B.S man and three companions had battered them with pistols. They were sent to B'Well Station and from there to the Police Hospital, with C.D.S. 139 in attendance to take further statements.

Meanwhile a party of detectives scoured the adjacent district for others believed to have escaped, and another party searched House No. 5, finding a quantity of Reactionary Literature in the 2nd. bedroom on the 3rd. floor, where obvious signs showed that the fracas started. It was removed to B'Well Station by D.P.S. Taylor and D.S.I. Tang. When its character was known, the Special Branch were informed, D.S.I. Everest and Clerk Chen attending. Closer inspection disclosed the literature to be of an important communistic character.

D.S.I. Everest, Clerk Chen and D.P.S. Taylor returned to House No. 5 Lane 56 and seized a little more literature of the same character, in the 2nd. bedroom on the 3rd. floor, also a few small amounts of money etc. which will be entered later in an inventory with other seized property. An automatic pistol-cartridge of about .380 calibre was found in the same room. D.S.I. Everest removed the literature to the Special Branch Office and has forwarded the

attached description of same to us.

Events leading up to the fracas are described variously as follows;-

Lieu Kuh Jing, the F.S.B. operative states that his informer, one named Zung Ping Noo (陳炳和) who was arrested as a Communist on the 18-11-32 at House 22 Lane 42 Kiaochow Road, and later handed over to the Chinese Authorities (See B'Well Station Reference File No. 284) told him that certain communists were residing in Lane 56 Medhurst Road. He went there with his informer to make enquiries and whilst thus engaged, two men were seen, whom the informer recognised, to enter House No. 5. Approaching to determine the exact address, the F.S.B. Inspector alleges that the two suspects rushed out on recognising his informer, and he, both of whom are known enemies of Communism, (and they being unarmed) were able to drag them into House No. 5, and up three flights of stairs to a bedroom, where their assailants began to beat them. They defended themselves with furniture snatched up, and inflicted the wounds found upon their assailants on arrest. He denies that he or his informer carried firearms.

Yang Pung Tsang (楊本炎) the female, states that she was on a visit to her mother, the tenant of House No. 5. She was playing with a child on the 3rd. floor, whilst its Father whom she calls "Ling" (obviously Tsang Han Ching - 1st. accused) was talking to his wife, and a friend (2nd. accused). At about 3p.m. Inspector Lieu who was [illegible]

with a pistol, followed by 3 others, rushed into the house and commanded the occupants to remain quiet. Ling's (Tsang's) friend tried to leave, whereupon a fight began, and Inspector Lieu belaboured both men on the head with his pistol butt, knocking them to the floor, whilst the other woman and child managed to escape.

N.B. Apart from those in custody none of the other people mentioned, i.e. her mother and Tsang's wife and child have been located so far.

Both Tsang Han Ching (張漢卿) and Wong Seu Su (黃守生) in statements given to D.S. Hunt and C.D.S. 10 at the Police Hospital, allege that they were set upon by Inspr. Lieu and several others, and that they were beaten about the head with a pistol carried by Inspector Lieu.

The round of ammunition found in the same room, seems to bear out their version, which strongly suggests that the P.S.B. operative was irregularly functioning in the Settlement. The ammunition has been forwarded to the A.I.Section

In justification of his action, Inspector Lieu states that Tsang Han Ching is known to him as Wong Yoong Zung (王永祥) and Wong Seu Su as Sung Tshi Ming (宋時明) and that both are notorious Communists. Both men deny knowing each other.

Tsang Han Ching says he went to this address to meet one named Tsang Zeu Suh (張壽四) whilst Wong Seu Su went to visit one named Moo Kuan (馬貫) both said to be residents at this address.

Enquiries of the owner of the property, Hsu Liang Zung (許良宗) and his agent Zung Siu Ming (陳秀明) both of Hse. 2 Lane 106 Medhurst Road, show that House No. 5 Lane 56 was rented to one named Tsang (曾) on the 21-1-33. Tsang, his wife and a child, together with another married couple, both relatives, moved in on the said date. They did not provide a guarantor, and have as yet paid no rent. The first payment should have been made on the 1-2-33.

In view of the fact that the Special Branch carry on close liaison work through Mr. Waung Yoong Hwo of the P.S.B. it was arranged between Supt. Robertson and the D.C. (Crime) that Mr. Waung's subordinate, Inspector Miau, be not charged or unduly mortified. He is therefore technically detained and a Writ of Detention applied for, on the grounds that he is suspected of being concerned in an Assault upon Tsang Man Ching and Wong Seu Su.

On the instructions of the D.C. (Crime) he was released at 9p.m. upon the receipt of a letter from Col. Wen Hong Ung, Chief of the P.S.B. pledging his appearance on the 2-2-33, when Tsang Man Ching, Wong Seu Su and Yang Pung Tsung will be taken before the S.S.D. Court. An application will then be made for their detention on suspicion of being concerned in Communistic activities. The two former, according to a chit signed by Dr. Wong of the Police Hospital will be detained in Hospital for several days.

In view of the fact that so little is now known regarding the case and the supposed importance of the arrests, the

K.A. will be requested to apply for a hearing in camera.

Statements made by all concerned will be produced, and more detailed ones will be obtained.

It is understood that the P.S.B. may apply for the extradition of the three accused at a later date.

Tsang Han Ching claims that he resides at No. 567 Yoong Shing Li, Avenue Road. At 10p.m. 1-2-33 D.S. Hunt, D.S. Jones (S.B.) and C.D.B. 139 made efforts to find this address but failed.

Wong Seu Su who claims to be an ex-secretary of Mr. Sung Shao Kwong (孫昭光) Representative of the Szechuen Provincial Government, states that he resides at No. 5 Yee Tuh Li, Rue Lafayette, French Concession. D.S. Hunt and D.S. Jones were unable to locate the French detective i/c Political Affairs on the 1-2-33, but discovered that the latter address is the residence of the Representative of the Szechuen Provincial Government.

D.S.I. Everest was informed and it was decided to suspend further enquiries in this direction pro tem.

Further efforts will be made by D.S. Hunt to have the suspected Communists identified on the 2-2-33. Meanwhile a guard has been left at No. 5 Lane 56 Medhurst Road.

at about 3.30p.m. on the 1-2-33 when I was on beat duty at Gillies Road and approaching the mouth of Tsang Ka Hwo Yuen alleyway, I saw a man came out from the alleyway riding in a public rickshaw. As this man was covered with a foreign coat on his head and bleeding, I became suspicious and stopped the rickshaw. The rider immediately attempted to escape towards Yaten Road and finally I arrested him on Gillaiwe Road. On being questioned he stated that he had a fight with friends in the alleyway and was going to report the affair to the Police Station. In the meantime, a crowd gathered and informed me that there were more robbers in the house No. 5 in the alleyway. Then I called assistance from S.P.C. 91 at Kowloon Road corner to go to the alleyway, and I telephoned to the Police Station reporti "Robbery". I detained the arrested man until the arrival of Police party.

As Ling's friend wished to go out, but that was forbidden by the intruder, thus a fight ensued. The armed man assaulted Ling's friend with his pistol handle on his head. The armed intruder with his 3 assistants went downstairs for 10 minutes and returned and renewed the fight resulting in Ling and his friend being wounded and fell to the floor. These wounded men were later dragged downstairs by the intruders, who warned me to remain there. After their departure, Ling's wife and child also left for downstairs. States;

I am 25 years of age, and single. My native address is at Yeung Tung Town, Hop-Tee Hsien, Anhwei (安徽合肥陽東鎮). I live at No. 5 Yee Tuh Li, Rue Lafayette, Frenchtown, in Shanghai.

I came to Shanghai from Szechuen in May or June last year. I was a secretary to Mr. Sung Hao Kwong (孫昭光), who was a Szechuen Provincial Government Representative, and I lived with him. I have been educated in middle school and can read and write, but I have no connection with any political party.

One or two days ago I met my friend Tsang Zeu Suh (張壽白) on Avenue Haig, and he invited me to go to his home at No. 5 Tsang Ka Kwo Tuen to drink, on the 1-2-33 P.M. Therefore at about 2p.m. today I went to his home at the above address. On entering there, 3 or 4 men inside suddenly held me up and question-ed me for my presence there. I replied that I came to visit friend. Then they accused me to be communist and assaulted me. I then escaped from the house and hired a public ricsha intending to make a report to the Police Station. At this time a C.P.C. seeing me bleeding on the head, he asked me for the cause; I then informed him that there were robbers in House No. 5 and I was assaulted by them. Just at this moment, a man wearing foreign clothes approached the policeman and alleged me to be the robber. Therefore the C.P.C. put me under arrest and telephoned to Police Station. On the arrival of the Police Van, we both were taken to Police Station.

states;

I have no other alias. I am 26 years of age and married. I live together with my wife Tong Siu Ying (王秀英 native of Honan) in a downstairs room at No. 567 Loong Hing Li, Avenue Road. I have come to Shanghai about 1 year and two months ago. Formerly I kept the "Dah Kong" Rice Shop, in Jukong Road, Chapei, but this shop was burnt in the recent Shanghai embroglio. I have no employment at present.

My native address is at No. 346 Hwa Ching Ka (華清街) Hankow. I was educated in primary school and can read and write. I received no monetary assistance from the Communists.

The only friend I have in Shanghai is one named Moo Kuan ([illegible]) who lives in House 5 Tsang Ka Hwo Kuen, Medhurst Road. At 10a.m. today, Moo Kuan came to my home and called me to go with him to his home to play Mah-Jongg. On arrival there, I found insufficient persons to play. About 2p.m. two unknown men suddenly appeared in 1st. floor room; one of whom was wearing blue silk long gown and black fur hat, carrying a pistol, the other wearing grey long gown, unarmed. I guessed them to be robbers, so I attempted to escape, but I was captured by them and hit on the head with pistol handle, causing me to bleed. (At that moment Moo Kuan was absent from the house) They then dragged me downstairs. I also saw 4 other men assaulting another man, who had been sent to the Hospital with me.
After the assault, they dragged us, two, to the alleyway. Later several policemen arrived and we both were arrested. Afterwards more police, foreign and Chinese, arrived and removed us to Police Station. As we were injured, we were conveyed to the Hospital. Translation of a letter addressed to the Commissioner of Police from the Commissioner of Shanghai P. S. B.

February 1, 1933.

Major Gerrard,

Commissioner of Municipal Police.

Dear Sir,

I have the pleasure to state that one of our Detective Inspectors Lieu Kuh Jing had occasion to pass Bubblingwell District, under your control, on business, this afternoon, and on passing the Tsang Ka Iwo Yuen, he met two notorious communists namely Wong Yuin Zung and Sung Tshi Ming. As these two communists were endangering his life, the Detective Inspector resisted, and all fought, which caused your Police to take these men to the Station.

Since these two communists were taken into your custody, I wish to have them taken to Court, while I wish Detective Inspector Lieu Kuh Ming to be released and he will appear in Court tomorrow morning.

Shanghai P.S.B. Commissioner,

(Sealed) Wen Hong Ung
